

Cookies

We use cookies and similar technologies to track activity on the Site, store certain data, including for the purposes of improving, operating and maintaining the functionality of the Site.

Cookies are small data files that may contain an anonymous unique identifier. Cookies are transferred to the web browser from the Site and stored on the user's device.

Examples of cookies we use:

We use session cookies and persistent cookies depending on the function and the purpose served.

Cookies are used to track general user habits and Site use history, identify problems and possible shortcomings in the Site operation, collect statistics about the flow of users on the Site, the number of users, the time spent on the Site, etc. Cookies are also used to ensure the Site is fully functional and user-friendly.

Cookie category	Usage example
Session	Improving our service.
Preferences	Allow the Site to save data that affect its appearance and available features.
Security	Used to authorize users, prevent fraudulent use of credentials and protect user data from unauthorized access.

You cannot turn off the above cookies separately, but you can change your web browser settings to reject all cookies in case you do not want to accept them.

How cookies are used

"Quantek" uses cookies to improve the functionality of the Site and provide users with its products and services, namely:

- to maintain security and user data verification when surfing from page to page, thus avoiding the need to re-enter data each time the user goes to a new page of the Site;
- to allow the browser to store the login and password so that the user does not have to enter their data each time they visit the Site;
- to ensure the security and convenience of purchasing goods or services on the Site;
- to collect and compile anonymous aggregate data for statistical and evaluation purposes to allow us to understand how users interact with the Site, as it helps us better present the information on the Site.

Cookies and analytics/advertisement

The "Quantek" Site uses analytics and advertising cookies.

Analytics cookies allow us to collect information about Site usage to improve the quality of the Site content, determine what interests Site users, understand how to improve the Site functionality and how to make the Site more user-friendly. Analytics cookies show how users interact with the Site (the data collected does not identify users personally). We use statistical data and cookies to further process them via data analytics systems, including Google Analytics and Yandex.Metrica. Anonymous statistical data may be transmitted to contractors working on communication and other projects in accordance with a contractual agreement with "Quantek". Analytics cookies are not required to display the content of the Site. Users can restrict or switch them off at any time.

Advertising cookies are used to customize advertisements according to users' interests, as well as to promote "Quantek" and third-party services. Advertising cookies are further processed by advertising systems, including Yandex.Direct, Facebook Ads, Google Ads, Vkontakte and LinkedIn. In such cases, cookies are managed by third parties in accordance with "Quantek" recommendations and solely for the purposes specified. For more information about the use of cookies by these services and their management options, please refer to the respective policies of the mentioned services (privacy policies, cookies, terms of use, etc.). Advertising cookies require user consent that can be revoked by the user at any time.

Retention duration

Unless otherwise specified, the cookies we use are stored for a period of 6 (six) months from the last visit to the Site and then deleted.

The retention duration for analytics and marketing cookies used by third-party services is specified in the respective policies of such services.

Management and rejection

To manage cookies, users can change the settings of their web browser. Users can change user preferences, thereby rejecting cookies and making certain components of the Site inaccessible. Instructions on how to do this are usually found in the "Help", "Tools" or "Edit" sections of the browser settings. Some third-party sites allow users to reject their cookies directly via a special link.

Cookies may be switched off or restricted, but taking full advantage of all features of the Site is impossible without the use of all cookies.
